Dear Students,

The year gone by was a challenging one for all of us. The pandemic struck us at the beginning of the session and forced us to switch over to virtual classrooms. Despite the teething troubles of integrating technology with the teaching - learning process, we steadily overcame seemingly insurmountable challenges and completed the course well in time.

Once the pandemic threat abated, the school resumed offline classes and teachers got down to revise the syllabus and clear the residual doubts of the students.

With the session nearing completion now, it is time to assess what has been learnt in the past year. So, get ready to take the final exams which will be conducted online for **Nursery to IV** and in offline mode for the students of **V to X**. Plan your studies and set your revision schedules. I would like you to make strenuous efforts towards achieving what you are capable of. The days before the exams are of critical importance. It is during these days that your efforts or the lack of them make or mar your chances of securing good grades.

Stay healthy, be calm, cheerful and positive. Steer clear of temptations and useless indulgences and approach your studies with single minded devotion.

Wishing you all success in your annual academic examination!

Note :- The days falling in between Assessments will be observed as preparatory holidays.

- * The students should carry their own examination kit to the Examination Hall. Lending or borrowing during the exam will not be permitted.

- * Parents of students studying in **Nursery to IV** are requested to collect the answer sheets, duly signed and stamped from the school after clearing the dues on or before 6th March.
